

All the software you need for your education on one platform

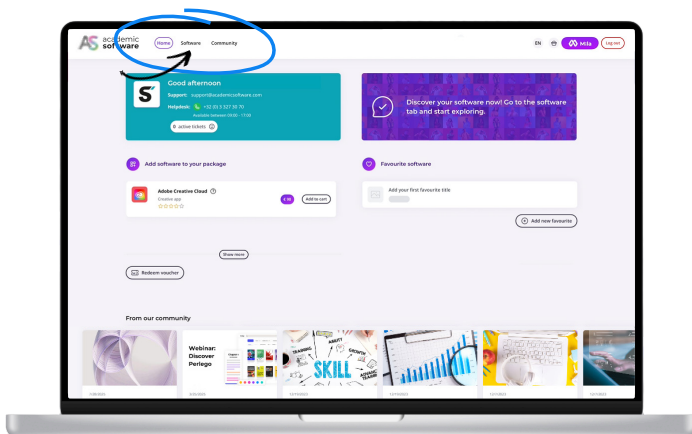

How does it work?

1

Go to portal.academicsoftware.com/login

Log in with your **school account**

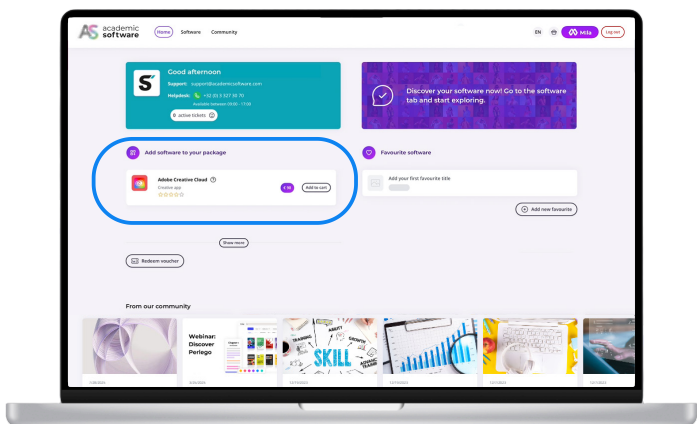

2

Navigate to the '**Software**' menu item to see the software package linked to your account

Questions or problem?

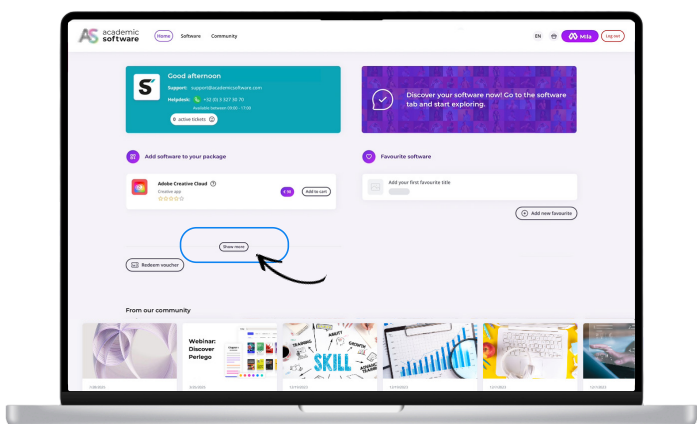

Contact us at support.academicsoftware.eu.

How can I add software to my package?

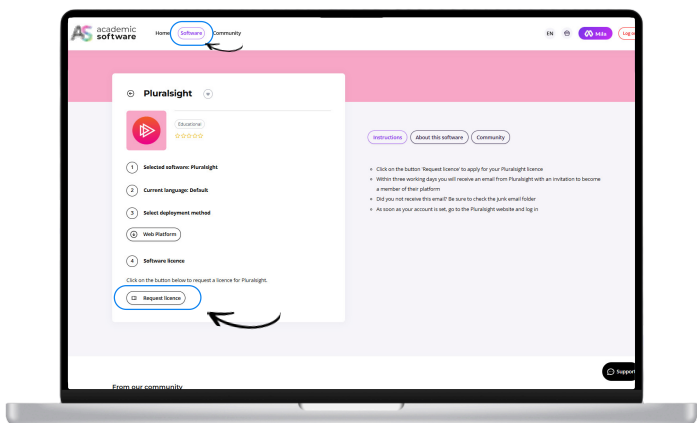

1

On the Home page, you can easily add software (e.g. **Adobe CC**) to your package at a **student price**

2

To purchase other software at a **student-friendly price**, press '**show more**' on the homepage. This will bring you to our student shop portal

3

Don't forget to request your license! Under the '**Software**' tab, click on the desired software to request your license to start using the purchased software

Do you prefer a **visual guide**?

Our step-by-step video walks you through how to use the Academic Software platform.
